

Before submitting your nomination, make sure that you have read the “Nomination guidelines” and considered the following instructions:

- Nominations for the Sustainability Award 2025 must be submitted to the indicated email address using the provided template.
- The proposal should not be longer than 8 pages (without the front page).
- Expressions of support and endorsements may be submitted.
- Handwritten nominations will not be accepted.
- Nominations must be signed by the nominators. Digital signatures are accepted.
- Nominees are encouraged to assist nominators in completing the proposal.
- If needed, the Technical University of Munich or the Nobel Sustainability Trust can contact the nominators at the beginning of the selection process.
- **Submission deadline: Monday, 31 March 2025 (12 p.m./noon CEST) at [nomination2025/at/nobelsustainabilitytrust.org](https://nomination2025/at/nobelsustainabilitytrust.org)**

The proposal must address the main characteristics and merits of the sustainability work of the nominee, the list of publications and/or patents, the description of transfer into praxis, and quality criteria as mentioned in the “Addendum” in the above-mentioned Guidelines.

- **Relation** of the nomination to the **Sustainability Development Goals (SDGs)** of the United Nations.
- **Contribution** of the nominee to research activities, technology development, and implementation.
- **Originality** and **creativity of the concept** compared to international competitors.
- If applicable: the three **most important prizes** of the nominee.
- **Merits of the nominee** in terms of achievements and commitments, leadership personality, and readiness to take risks.  
Any achievements of the nominees should be illustrated by tangible elements and concrete examples.

With respect to the category Outstanding Research & Development:

- **Novelty** of the method and the concept in the defined topics with the perspective of business opportunities.
- **Quality** of the nominee’s best publications.

With respect to the category Leadership in Implementation:

- **Transfer into praxis** and **parameters of success** indicating the technological innovation power and significant potential of marketability, such as patents, raised venture capital, start or ongoing entrepreneurship, etc.
- **Impact/influence** on economic, political stakeholders and/or decision-makers.
- **Approach to change**, move forward, and implement ideas.

**Proposal structure:**

- Front page
- Proposal overview (max. 1 page, not more than 500 words)
- Achievements of the nominee in detail (max. 3 pages)
- References (max. 2 pages)
- CV of the nominee (max. 1 page)
- CV of the nominator (max. 1 page)

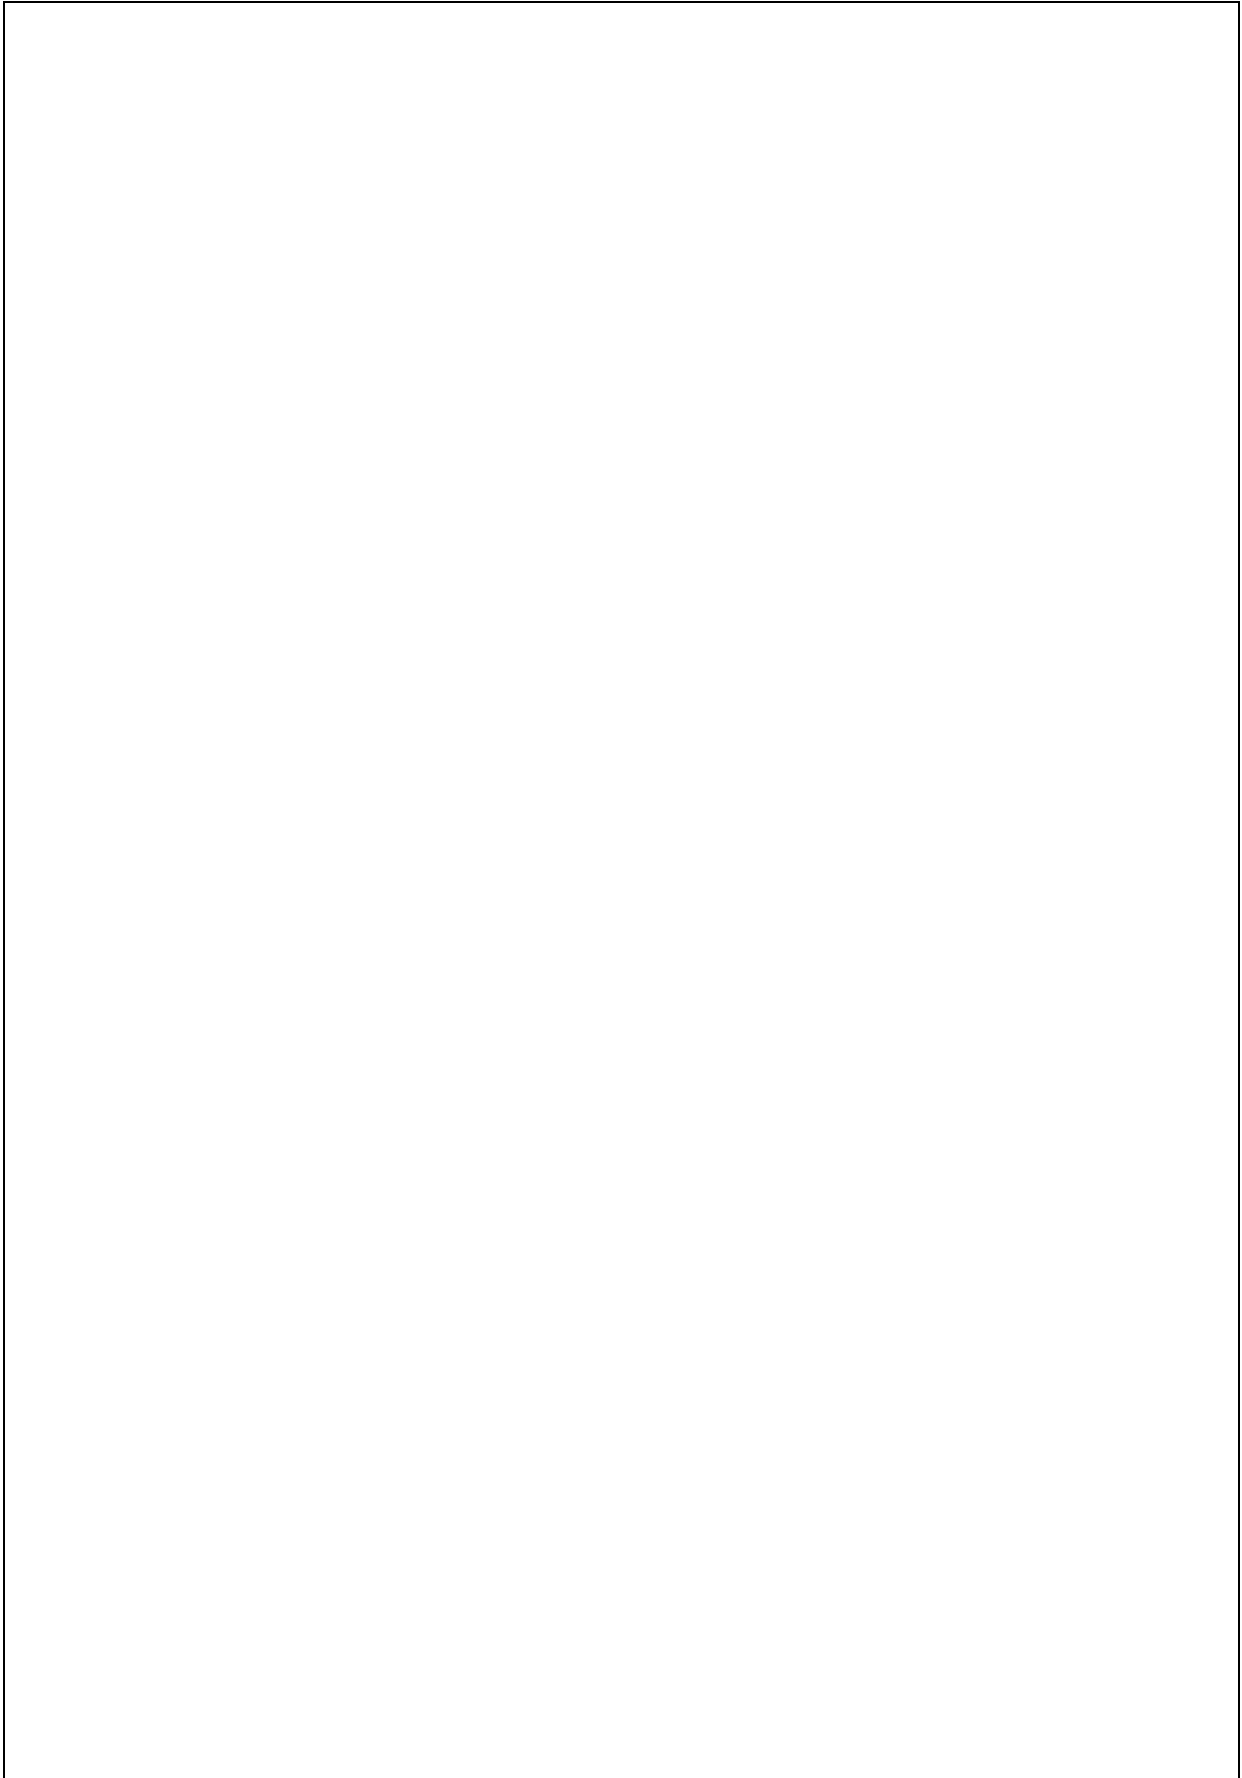

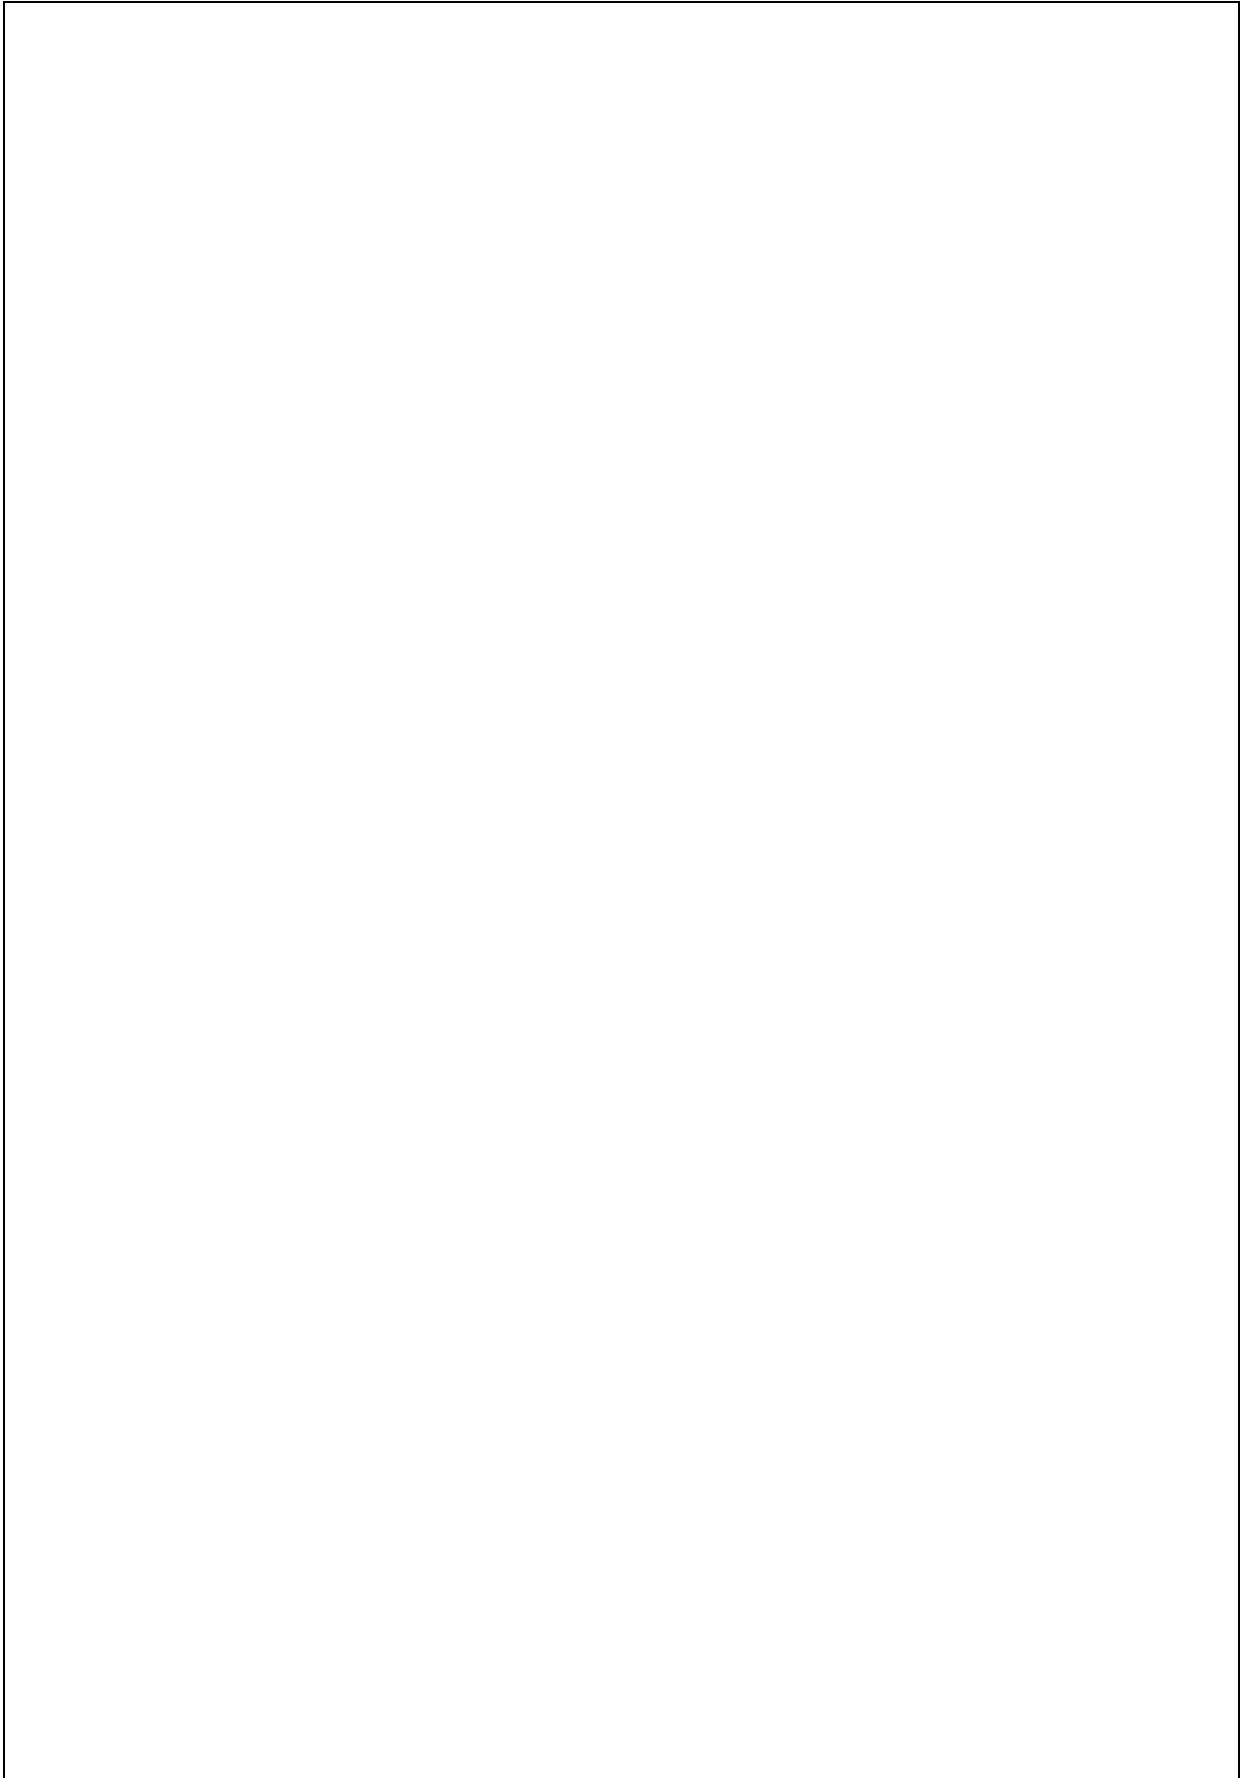

**6. Proposal overview**  
*(Not more than 500 words)*

**7. Achievements of the nominee in detail**

*(Please illustrate the achievements with concrete and tangible examples)*

A large, empty rectangular box with a thin black border, occupying most of the page below the text. It is intended for the respondent to write detailed examples of the nominee's achievements.

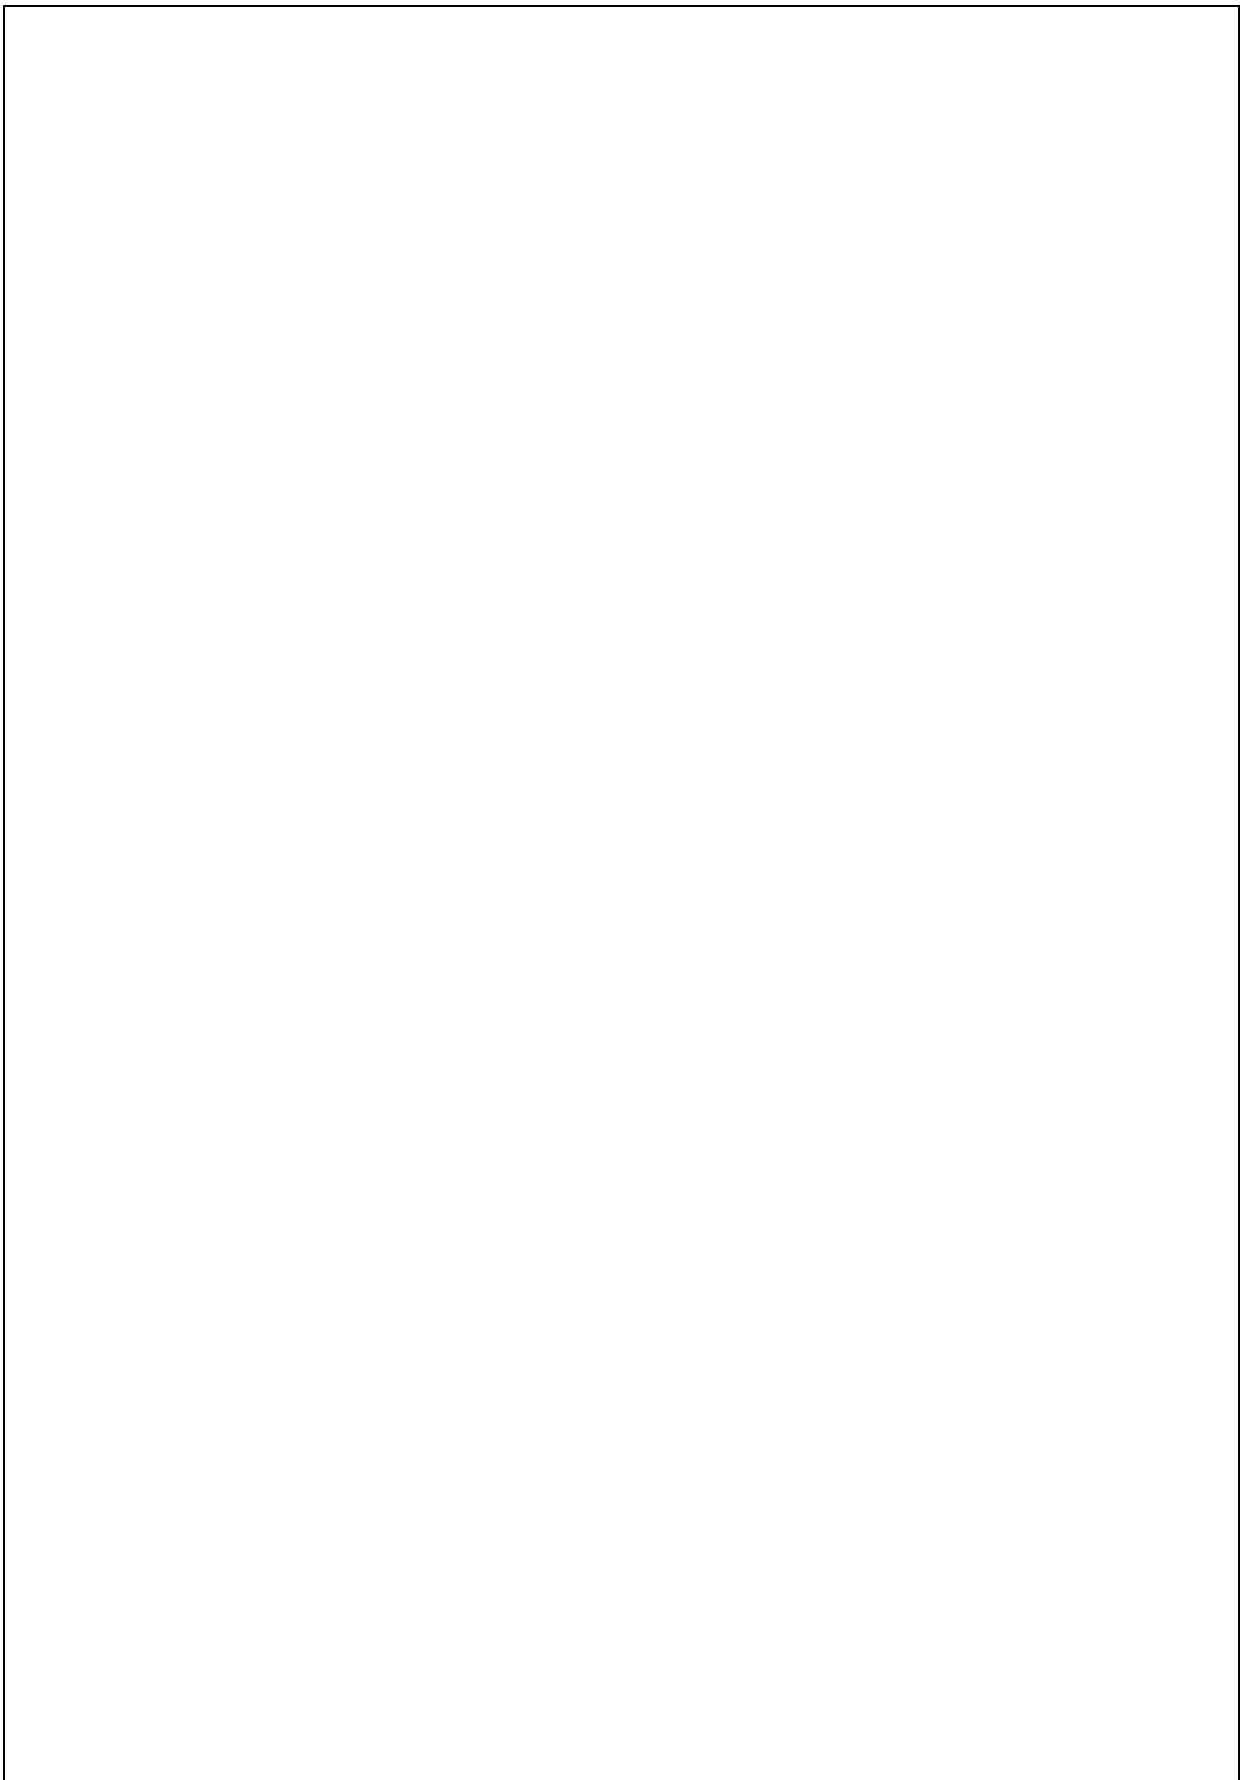

## 8. References

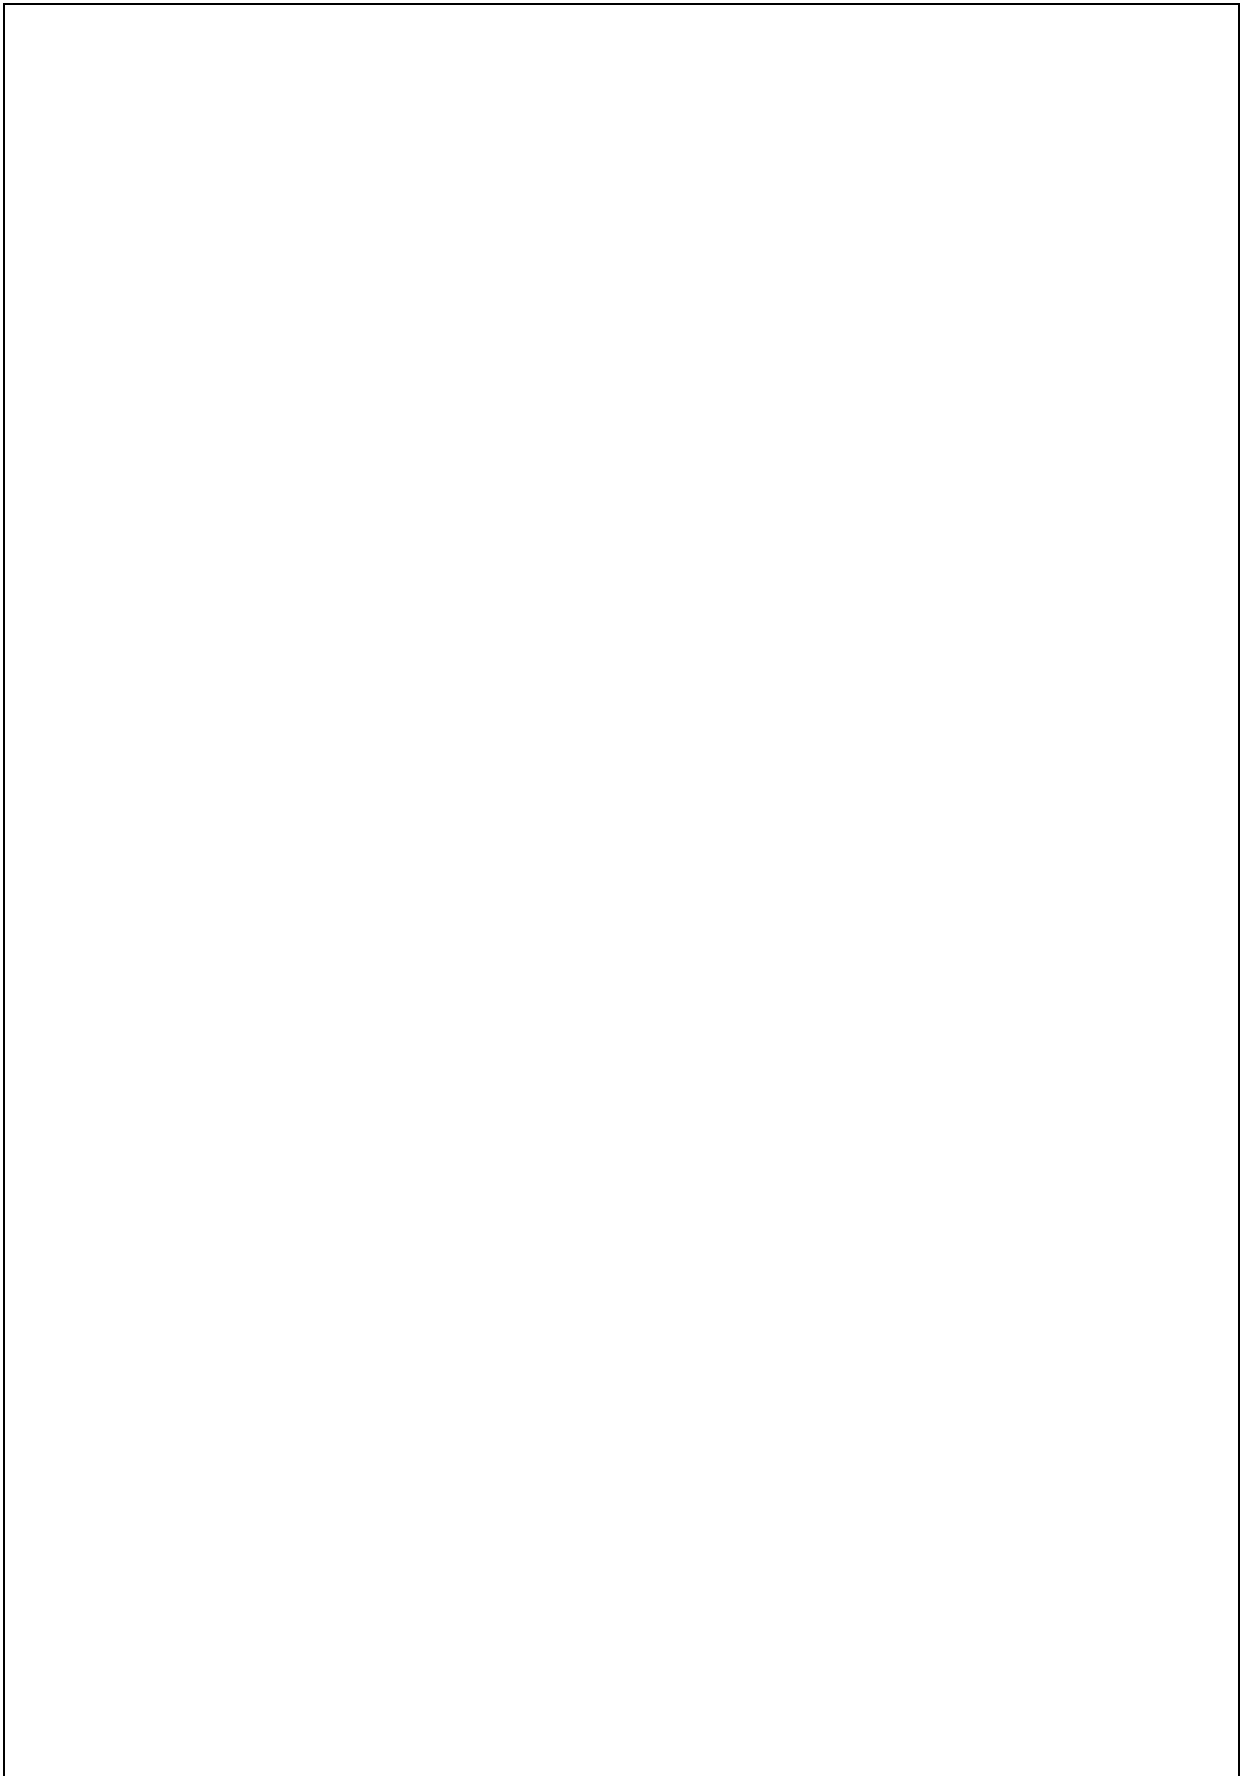

*(Selected five best authored/co-authored publications, patents, parameters of success, awards, etc.)*

**9. CV of the nominee**

*(Personal data, current affiliation, and position, career stages, qualifications, etc.)*

A large, empty rectangular box with a thin black border, intended for the nominee's curriculum vitae. The box is currently blank.

**10. CV of the nominator**

*(Personal data, current affiliation, and position, career stages, qualifications, etc.)*
